

NO LET UP IN JAPS' ATTACKS

Plucky Followers of the Rising Sun Sweep
All Before Them in Their Assaults.

THEY ARE SUFFERING GREAT LOSSES

Still Undaunted They Continue to Hammer at Port Arthur
by Land and Sea—Russian General
Badly Wounded.

(Special by Scripps-McLain.)
Chefoo, June 14.—While the transport Taihoku Maru was crossing at the entrance of Port Arthur yesterday evening, one of the mines exploded killing one of the officers and eighteen men and wounding two officers and seven men.

Leaving Tokyo
Rome, June 14.—A Tokyo correspondent of the Scors says the foreign attaches are leaving the Japanese capital for the Kwangtung peninsula which they hope to reach Friday as the decisive attack on Port Arthur will begin on that day.

Confirms Report
London, June 14.—A Tokyo correspondent of the Central News confirms the report of the damaging of the Japanese transport Taihoku Maru while laying mines outside of Port Arthur and says seventeen were wounded, including Commander Oda.

St. Petersburg, June 14.—It is reported that a naval battle between the fleets of the Japanese on one side and the Russian fleet and shore batteries on the other side, occurred off Port Arthur on June 10. The naval battle was accompanied by an advance of the Japanese troops to the rear of Port Arthur defenses. The Russian forces within the fortress were in command of Gen. Stoessel, who it is reported is wounded. It was necessary to amputate his leg at the thigh.

Fear for Safety
Indianapolis, Ind., June 14.—A cable from Chefoo today says that fears are entertained for the safety of Hector Fuller, war correspondent of the Indianapolis News, who left Chefoo recently to make his third attempt to enter Port Arthur. He was last seen Friday by Stanley Washburn, staff correspondent of the Chicago News, with whom he had arranged to communicate his movements. He was then leaving the Mikado islands, forty-five miles south of Port Arthur. It is feared that he may have been captured or drowned. Secretary of State Hay and the Russian government have been notified.

Submarine Boat
New York, June 14.—It is definitely stated here that Japan will be the ultimate destination of a submarine boat which is now being carried across the Atlantic on the deck of the Norwegian steamer Fortuna, about which much mystery has been made during the last week. The boat was built by an American firm. It is said to have been sold to private persons for \$250,000, and by them shipped to a private firm in Sweden. The second purchaser will, it is understood, turn the boat over to agents of the Japanese government. When the Fortuna sailed her papers gave Cork as the destination of the steamer.

New Chwang, June 14.—From reliable sources information has been received that part of the Japanese force left at Pu Lu Tien to checkmate the Russians' southward movement to relieve Fort Arthur was attacked southeast of Shungnamo Saturday. After slight fighting, the Japanese made a false retreat, the Russians following them, when the Japanese made a flank movement, catching the Russians in the rear. The Russian losses are placed at 200 men. They then fell back on Kai Chan and began to retreat along the Baithatung Tsai Chou road.

About 2,000 Russian infantry from Kai Chow passed through New Chwang Sunday morning, accompanied by a large supply and hospital train. Several carts contained bandaged men. The troops appeared to be fatigued out and showed every indication of a long, forced march. The officers refused to furnish any information, but a noncommissioned officer said that all the troops were retreating from Tsai Shou.

A native messenger just in from the Russian camp east of here reports that there are many wounded men there.

Repair Battleships.
A Chinaman who was smuggled by the Japanese into Port Arthur to act as a spy, escaped from there seven days ago, and was arrested at New Chwang. He says that the Russians were working a large force of men day and night repairing the warships. They expect that the work will be completed in a fortnight. Four cruisers under Golden Hill (at the entrance of Port Arthur) have their guns trained landward to assist in repelling a land attack. The channel is partly cleared, but Admiral Togo's blockade is effective.

The spy estimates the total strength of the Russian force, including the sailors, at less than 30,000 men. There are many sick and wounded.

Gloom at Port Arthur.
There is food sufficient for two months. All the Chinese foodstuff has been seized by the authorities.

Two armored trains, on board of which are mounted guns landed from the Russian battleship Retvizan, recently ran to a point near the Japanese lines and opened fire. The Japanese replied, and their shells badly damaged the train, though it managed to return to the Russian lines.

The Russian at Port Arthur are gloomy, though hoping that General Kuropatkin will send an army south to assist the garrison of Port Arthur.

Fleet Starts East.
Hamburg, June 14.—A private telegram received here states that a Russian squadron composed of forty large and small warships, probably the Baltic fleet, has passed the island of Bornholm to the south of Sweden, following a westerly course. It cannot be ascertained whether this is the trial trip of the fleet or the actual departure for the far East.

Russian Losses.
St. Petersburg, June 14.—The following official statement of Russian losses in the war has been issued:

Navy—Forty-four officers and 320 men killed; thirteen officers and 220 men wounded.

Army—Thirty-six officers and 980 men killed; 103 officers and 2,080 men wounded.

Taken prisoners—Twenty officers and 636 men.

On one of the committees went to George Parker and asked permission to haul his automobile in the parade behind two mules. Mr. Parker had been trying for some time to get the factory to send out a man to fix up the machine and this gave him an idea. He transmitted the Fourth of July committee's request to the automobile factory headquarters and, horrified at the idea of having their product thus advertised, they sent a man by the next train. The machine is now in perfect working order and it is only justice to say that it operates like a charm.

Ten Men Try To
Gain Freedom

Columbus, Ohio, Penitentiary the
Scene of a Desperate Attempt
at Jail Delivery.

(Special by Scripps-McLain.)
Columbus, Ohio, June 14.—Ten men awaiting death in the state penitentiary made a desperate attempt to escape early this morning under the leadership of convict Moses Johnson.

Guard Richards was overpowered and badly beaten. The commotion aroused the other guards and escape was cut off.

Dr. Helen Brooks of Gloucester, Mass., has been elected physical director of the woman's gymnasium at the University of Michigan, to fill the vacancy caused by the resignation of Dr. Alice Snyder.

Used As a Lever
Unlooked for results have already been attained through the instrumentality of the proposed parade.

Factory Owners Are Enthusiastic
Over Industrial Feature—Strange
Story of Parker Automobile.

Committeemen who have taken hold of the Fourth of July celebration in Jamesville met last night in the assembly room of the city hall and discussed plans. It was decided to personally see the merchants and factory owners and report on progress at another meeting to be held Wednesday night. C. C. Crippen visited several of the factory men in Spring Brook today and all seemed to be favorably impressed with the idea of making exhibits in the industrial parade.

Lodges to March
The parade committee which consists of C. K. Millmore, E. T. Fish, and C. C. Crippen, has issued a call for all owners of automobiles and vehicles, all secret societies and labor unions, who will do so to take part in the parade. They are asked to communicate with Chairman C. K. Millmore before June 25. There will be three bands in the parade, arrangements having been made with those of Stoughton and Milton Junction besides the Imperial band of Jamesville.

Unlooked for results have already been attained through the instrumentality of the proposed parade.

GROVER CLEVELAND HAS IN DORSED PARKER IN VERY GLOWING TERMS FOR THE PRESIDENT.

GOULET-WHELAN WEDDING TODAY

New York's Four Hundred Turns Out
for the Gala Event at Wayne,
Pennsylvania.

(Special by Scripps-McLain.)
Wayne, Pa., June 14.—The society leaders to the number of four hundred from New York and Philadelphia were at the wedding this afternoon of Robert Goulet and Miss Elsie Whelan. Miss Alice Roosevelt was one of the bridesmaids.

REPORTED FINDING OF BURGLARS' KIT

And Stolen Articles from McNamara's
Store in Vicinity of the
Croat Brewery.

It was reported on the streets this noon that a son of Fred Hessmeyer, who is employed in the Spoon coal yard, and some other boys found a kit of burglars' tools, a pearl handled revolver and some pocket knives from McNamara's hardware store hidden in the bushes in the vicinity of Croake's brewery. The officers who have been watching the place for several days professed not to know anything of this discovery and at McNamara's hardware store no one seemed to have heard of it. Officer Cochran said that an empty satchel found in that vicinity had undoubtedly given rise to the story, and that was the only clue to the McNamara burglary that had been discovered as yet, if it was a clue.

PRETTY NUPTIAL AT ST. PATRICK'S

Miss Mamie H. Lyons and Peter D.
Champion United in Marriage at
an Early Hour This Morning.

This morning at 6:30 o'clock at St. Patrick's church in this city, Rev. E. M. McGlinchey performed the ceremony that united Mr. Peter D. Champion and Miss Mamie H. Lyons of this city, as man and wife. The bride-maid was Miss Agnes L. Madison and William A. Scott acted as best man. After the ceremony the wedding party drove to the home of the bride's father 305 Elm street where the reception was held and an elegant wedding breakfast was served. Only a few intimate friends and relatives of the contracting parties were present to congratulate them and wish them a long and happy life. The newly wedded couple were the recipients of beautiful wedding gifts, tokens of esteem and best wishes of their many friends. The bride is the youngest daughter of Mr. Michael Lyons of this city, and is well-known to a large circle of friends and acquaintances, all of whom unite in admiring her for her amiable disposition and modest manners. The groom is a resident of this city, having been a member of the Jamesville fire department for many years. The newly married couple left this morning for a brief wedding trip to Milwaukee and Chicago, and upon their return will go to housekeeping in a cozy furnished home at 103 Elm street. Their numerous friends in this city wish them many years of happiness and prosperity of married life.

TEN MEN TRY TO GAIN FREEDOM

Columbus, Ohio, Penitentiary the
Scene of a Desperate Attempt
at Jail Delivery.

(Special by Scripps-McLain.)
Columbus, Ohio, June 14.—Ten men awaiting death in the state penitentiary made a desperate attempt to escape early this morning under the leadership of convict Moses Johnson. Guard Richards was overpowered and badly beaten. The commotion aroused the other guards and escape was cut off.

Dr. Helen Brooks of Gloucester, Mass., has been elected physical director of the woman's gymnasium at the University of Michigan, to fill the vacancy caused by the resignation of Dr. Alice Snyder.

DEMOCRATS HAVE THEIR TROUBLES

Hearst Harrison Men Talk of Bol-
ting the Springfield
Convention.

(Special by Scripps-McLain.)
Springfield, Ill., June 14.—The state democratic convention was called to order at twenty-third by Chairman Hopkins of the state committee. The Hopkins faction made repeated efforts today to harmonize with the Hearst contingent. It offered instructions for Hearst in return for Hearst recognition of Hopkins rule in the preliminary organization. The Hearst steering committee rejected the proposition and Hearst men claim 910 instructed delegates. The Harrison and Hearst people talk freely of a bolt and contesting the delegation in the national convention. The convention took a recess of three hours after the preliminary organization in order to give the credentials committee and others an opportunity to act.

JAMES BEASLEY IS BEHIND THE BARS

Man Who Has Been Wanted in Rock
County for Three Years,
Arrested in Rockford.

After three years' absence during which he has sojourned in England and other foreign climes, James Beasley returned to this region, hopeful that some of his past history had been forgotten. All night long he had been in the charge of a party of men who were looking for him. He was brought to Jamesville to answer to the charge of making and borrowing money, to the full face value, on a bogus abstract of his farm in the town of Beloit, located between the city and Jamesville. The abstract was forged after the farm had been mortgaged to its full value, and a large sum of money was borrowed on it of Keithline Bros. of Newark.

CHINA SHOWER FOR ANDREW GIBBONS

St. Mary's Church Choir Give Un-
ique Entertainment for One
of Their Members.

Last evening about twenty-five of the members of St. Mary's church choir assembled at St. Mary's hall to attend a china shower given in honor of one of the oldest members of the choir, Andrew J. Gibbons of this city, whose approaching marriage to Miss McFarland will be celebrated Wednesday in Chicago. Mr. Gibbons was the recipient of many beautiful pieces of chinaware, as the result of last night's shower. The evening was spent in playing progressive hearts. Mr. Gibbons carried off the first prize and the consolation prize was given to Miss Kathryn Driscoll. Refreshments were served during the evening and the event will be remembered by those present for many years to come.

The White Star line steamer Oceanic, which will sail from Liverpool for New York, will bring among her passengers former Mayor Seth Low of New York and Mr. and Mrs. Walter J. Travis.

Among the musicians engaged for a tour of the United States next season are Joseph Hofmann, the pianist; Fritz Kreisler, the Austrian violinist; and Anton Heikking, the well-known German cellist.

FOUR MARINES IN A BIG EXPLOSION

All Lost Their Lives—English Tor-
pedo Destroyer Has an
Accident.

(Special by Scripps-McLain.)
Portsmouth, Eng., June 14.—Four marines were injured in an explosion on the British torpedo destroyer Success today.

YOUNG WIFE SHOT HUSBAND

Then Blew Out Her Brains, Because
She Could Not Agree with
Him.

(Special by Scripps-McLain.)
Cleveland, Ohio, June 14.—Mrs. L. D. Allen, aged 20, shot and killed her husband aged 23 in an apartment here early this morning. Then she put a bullet into her own brain. She left a note saying they could not agree.

LOOKS LIKE A NEW STATION

Fire and Water Committee Will Re-
ceive Options on Sites and Re-
port at Next Council Meeting.

In response to the petition of the owners of factories in Springfield, Mass., that the proposed new station be located south of the river near the Jackson street bridge rather than north of the bridge, Alderman Schwartz of the fire and water committee recommended that options on sites be received and reported to the council at the next meeting. The chief engineer was authorized to buy one horse not to exceed \$210 in cost.

NEWS OF THE STATE IN BRIEF.

Benjamin Goldsworthy of Cripple Creek, Colo., was robbed of \$400 while on a visit to his old home in Linden, Wis.

The twin sons of former Mayor Lindenberg of Kaukauna, aged 7 years, were seriously injured in a car of pulp wood on Saturday.

Farmers in the northern part of Caladonia and further west are looking for some unknown who is deliberately shooting horses and cows.

John Mykle, a well-known farmer of the town of Woodville, was struck by a fast train on the North-Western road and instantly killed.

Ernest Schafer of Greenville, a bridegroom of less than six weeks, was found dead at his home yesterday morning, having taken a dose of carbolic acid.

Main offices of the American Skeln and Country company, located at Lakeside, south of Racine, are to be removed to Chicago, but the plant will remain.

Commencement exercises will be held at Racine college on Thursday. In the morning the feature will be a sham battle between the college military companies.

George W. Corbett, a machinist employed in the Wisconsin Central shops at North Fond du Lac, was probably fatally injured by an asphal which fell on his back.

Cabbage growers in the Racine county belt, no doubt the largest in Wisconsin, fear that the crop will prove a complete failure this year on account of continuous drought.

George E. Bell, retiring superintendent of the Racine public schools, was tendered a reception by the principals, teachers, and members of the board of education at Racine Monday night. Mr. Bell goes to Syracuse, N. Y.

CLUB WOMAN UNDER ARREST

Mrs. Martha Lunn of Elgin, Arrested on Charge
of Forgery of Business Firms' Names.

ALLEGED WIDOWS' LOSS IS HEAVY

Secured Loans From Women Whose Husbands Are Dead
Under Signature of Two Merchants Who
Disclaim Knowledge.

Elgin, Ill., June 14.—Miss Martha E. Lunn, 61 years old, and for many years prominent in Elgin church, social and woman's club circles, was arrested here on the charge of forgery. Elgin attorneys, it is stated, hold notes for collection against Miss Lunn amounting to more than \$12,000. Russell & Hazlehurst alone hold a batch of these notes amounting to \$6,000. Most of these notes are signed with the names of B. E. Lunn and W. W. Teal. Mr. Teal declares his name has been forged in every instance. It is alleged that Miss Lunn has borrowed money on these forged notes from many persons in Elgin and of persons in West Chicago, Wheaton, Dundee, and other towns in the near vicinity.

Widows Invest Money.
It is asserted that many of her victims were widows who had collected life insurance upon the death of their husbands. They were approached by Miss Lunn with an opportunity to invest their money in securities paying a large rate of interest.

The discovery of Miss Lunn's extensive operations followed soon after the resignation of her sister, Miss Elizabeth Lunn, as treasurer of the Elgin Woman's club. Early in April it was discovered that Miss Elizabeth Lunn was a defaulter in club funds to the amount of \$3,540. The club took possession of a house and lot belonging to the Misses Lunn, and G. P. Lord, a wealthy citizen of Elgin, donated \$1,000 to the club and the matter was dropped.

Alma Saunders, a widow, living at West Chicago, is the complainant in the test case. Early last winter she loaned Miss Lunn \$250 on a note purporting to have been signed by B. E. Lunn and W. W. Teal. Mr. Teal declares that his signature is a forgery. The case against Miss Lunn was brought only after Mr. Teal had been confronted with numerous notes of this character and was forced to admit that Miss Lunn had committed many forgeries of his name.

Throughout settlement of the difficulties with the Woman's club and the many demands of creditors Miss Lunn has maintained a confident and unchanged appearance, but upon reaching the cell she sobbed bitterly, and for the first time exhibited signs of sorrow and repentance for her acts.

Supreme Court's
Final Resource

St. Louis Boulders Must Now Go to
State Prison for Their
Crimes

(Special by Scripps-McLain.)
Jefferson City, Mo., June 14.—The supreme court affirmed the judgment this morning in the case of Julius Lehman and Emil Hartman, former members of the St. Louis house of delegates charged with lording. They will have to go to the penitentiary. These are the first two boulders of the nineteen convicted to go to the penitentiary.

BURGLARS' PLANS CAME TO NAUGHT

Bored Through the Lower Floor of
Lawyer's Office to Reach
Jewelry Store.

(Special to The Gazette.)
Madison, Wis., June 14.—Burglary of Madison's largest jewelry store, that of A. F. Averbeck, was frustrated by the timely discovery of 30 auger holes bored in the floor of Lawyer H. Pfund's office above Sunday. Gaining entrance to the office the robbers cut holes in the floor for the purpose of effecting an entrance to the valuables below. They covered over the holes with a rug and chair, evidently intending to return Sunday night and complete the work and not believing that the discovery would be made during the Sabbath. All shavings and broken glass was carefully removed. Mr. Pfund, contrary to his usual custom, came to his office Sunday and reported the broken glass to the police department. An investigation resulted in the discovery of the holes. A watch was kept that night but the attempt was not renewed and the affair remains a complete mystery.

ROBBED SAFE AND SECURED PLUNDER

Two Thousand Dollars Vanished
From a Montana Postoffice
Last Night.

(Special by Scripps-McLain.)
Billings, Mont., June 14.—Robbers blew the safe at the postoffice at Lawrence, seventeen miles west of here, this morning and secured two thousand dollars.

The New Lisbon high school has graduated a class of fifteen, the largest class in the history of the school.

MILWAUKEE NEWS SOLVES EXISTING DIFFICULTIES

Publishes a Story Regarding the Possible
Outcome of the Present Political
Tangle.

Last night's Milwaukee Daily News prints the following dispatch from Madison relative to the present political situation in the state relative to the two republican tickets that are in the field. The News says:

Madison, Wis., June 13.—It has leaked out here from authoritative sources today that stalwart leaders are formulating a public statement to be published this week, unless present plans are abandoned, offering to leave the decision of the question as to which is the regular republican ticket in Wisconsin to the Chicago convention. This offer will be made on the condition that the La Follette people will take the same attitude and agree to accept the decision of the convention as final.

It is proposed to allow the vote of the convention as regards the seating of the delegates at large to settle the difficulties in Wisconsin, under an agreement that the faction whose delegates are seated in Chicago will be permitted to place its state ticket at under the republican party heading on the official ballots.

It was learned today that the plan is to announce this public statement Wednesday morning, for the consideration of the La Follette faction.

The plan is that the signature of every candidate on the anti-La Follette ticket is to be attached to the statement.

This plan, of course, is from the anti-La Follette men and makes the highest authority in the party, the national convention, the arbiter of the difficulties of the party in this state. It is thought that such a proposition ought to appeal to the sense of fairness of both sides, since the national convention could have no interest in the matter except to do the right and just thing on the evidence and showing made by both sides and by its act bring harmony as to a regular ticket in Wisconsin.

Of course the proposition will go to La Follette to accept or reject. If the La Follette republicans will not trust the highest authority in the party to which they belong and cooperate with in a political way, a refusal might cause many republicans and others to inquire more searching into the motives that actuate either side in assuming an attitude that precludes harmony in the party and that distrusts every force in the party not peculiarly its own.

NEW EXECUTIVE - OF JANSVILLE

MAYOR J. F. HUTCHINSON TAKES CHAIR IN COUNCIL.

DESK BANKED. WITH FLOWERS

Delivers Illuminating Message, with Suggestions Concerning All of the Departments of the City.

Two great clusters of roses, American beauties and bridal white, had been placed on the desk of the chief executive of the city prior to the opening of the council meeting last evening. J. F. Hutchinson, the new mayor of Jansville, called the meeting to order promptly at eight o'clock. After the minutes of the previous meeting had been read he arose and delivered his inaugural address. It was a dignified and illuminating message, showing a clear insight in city affairs and containing suggestions that met with the hearty approval of those who listened. The text was as follows:

Address of Mayor
To the Honorable, the Common Council of the City of Jansville: Gentlemen—In accordance with the provisions of the city charter I herewith

MAYOR J. F. HUTCHINSON

submit such information and recommendations as to me seem advantageous to the interest of the city.

It is with pleasure and regret that I assume the duties and responsibilities of the office of mayor. In the death of the late Mayor A. O. Wilson the city lost a most honorable and distinguished mayor, in whom the common council and the citizens had the most implicit faith and confidence, and whose work so well commended I fear my ability to continue, with that degree of satisfaction, which characterized the efforts of my predecessor.

It should be the pleasure and ambition of every citizen to help in his humble way to govern, or assist in governing the city of his adoption. We have a beautiful city and to its mayor and common council is intrusted, in a measure, its future prosperity and welfare; it, therefore, behooves the common council to act in all matters with that judgment and economy which we exercise in our own private affairs, thereby assuring the people of wise expenditure of public money.

Having had but little time to familiarize myself with the several departments of the city, as I eventually intend to do, I will at this time offer only a few suggestions.

Finances
The financial condition of the city is very good; the several funds having larger balances to their credit, than has been usual for many years and in view of that fact I trust that this council will promulgate wise economy in further expenditures. I herewith submit balances in the several funds June 1st, 1904, as furnished me by the city treasurer.

School fund	\$1932 22
General fund	9275 43
Fire and water fund	1148 15
Library building fund	238 80
Library fund	848 05
Lighting fund	5984 55
Bridge fund	1682 86
Memorial day fund	75 77
First ward fund	1527 77
Second ward fund	727 55
Third ward fund	1704 79
Fourth ward fund	656 01
Fifth ward fund	1080 80
Municipal court fund	811 76
Tax certificates redeemed	320 86
Judgment fund	35 32
Bonded debt fund	159 81
Marion street "special"	18 23
North High street "special"	491 63
Harrison street "special"	153 87

Fire Department

I have examined the last quarterly report of the chief engineer which appears to be a very intelligent and comprehensive statement of the condition of that department. While this report has been presented to your honorable body for consideration, I wish to call attention particularly to the need of a new fire station at some desirable location, as suggested in said report. The erection of fire escapes and the construction of buildings in the fire limits are matters of grave importance, and the laws of the state and city ordinances relating thereto should be rigidly enforced.

Sewerage

The plan for a system of sewerage having been completed and adopted by the common council, and about six miles of sewers ordered to be constructed during the ensuing year, I would urge the necessity of constant attention to this matter, to the end that the work will not be delayed into late and unseasonable weather.

Bridges

The several bridges in the city are in fairly good condition, except Court street bridge, for which a contract has been let for a new bridge at that point and in all probabilities will be completed and ready for travel early in the fall. As was suggested in the message of my predecessor, I deem it of very much importance to the city that at a very early date, steps should be taken for the construction of a new bridge at Racine street, in order to construct a bridge at this point I am informed that it will be necessary to submit the proposition to the electors, whether or not a special tax shall be levied for such purposes. As the city will either have to acquire some land on the west side

of the river, in case such bridge is constructed, by condemnation proceedings or purchase, I would recommend that this council, at its earliest opportunity, take such action as may be necessary so that the question of building a bridge at this point can be submitted at the next charter election.

Streets

The streets at present with few exceptions are in fair condition, and with occasional repair such as is now being done, will keep them in good serviceable condition.

Sidewalks

The ordinance recently passed prohibiting the construction of wooden sidewalks in the city, I believe, to be a wise measure. The present cost of lumber compared with other sidewalk material, in my judgment, does not make the enforcement of this ordinance a hardship on the property owners. It certainly will relieve the city from a large number of damage suits, which have been a very burdensome tax on the taxpayers of the city, and I believe the city officers should be upheld in the enforcement of this ordinance.

Public Buildings

Having a beautiful city hall and being a very convenient and pleasant place for meetings of a public or semi-public nature, the mayor in the past has been besieged by many parties requesting the use of the assembly room for all kinds of gatherings. Sometimes it has been difficult to decide upon these requests, and I would recommend that the council designate the uses and purposes for which this room should be used, and that some person be designated to act as custodian of the room. I would also recommend that iron gates be placed at the foot of the basement stairs for the purpose of shutting off the basement from the rest of the building, whenever it shall be advisable.

Standing Committees

The standing committees of the council, having been appointed by my predecessor, and as the council are now working under the same, and not knowing of any necessity for changes, I therefore, desire that the committees as now arranged, so remain as the standing committees for the year.

Respectfully submitted,
J. F. HUTCHINSON,
Mayor.

DEPARTMENT ASKS FOR MUCH HELP

Collection and Testing of Seeds by the Agricultural Department.

The act of Congress making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1905, contains the following:

"The Secretary of Agriculture is hereby directed to obtain in the open market samples of seeds of grass, clover, alfalfa, test the same, and if any such seeds are found to be adulterated or misbranded, or any seeds of Canada bluegrass (Poa compressa) are obtained under any other name than Canada bluegrass or Poa compressa, to publish the results of the tests, together with the names of the persons by whom the seeds were offered for sale."

Announcement is hereby made that the collection and testing of seeds as directed by this act will begin July 1, 1904.

JAMES WILSON,
Secretary.

News for the Railroad Men.

Ringling Bros. advertising car No. 3 arrived in the city this morning over the Chicago & North-Western road.

Painters are at work today repainting the Chicago & North-Western passenger station.

A special train will leave this city over the North-Western road tomorrow at 8:10 for Madison, where the G. A. R. encampment is being held this week.

Guests at Paul's Farm: The clerks of J. M. Bostwick's store spent Sunday the guest of Mr. and Mrs. Paul near Koshkonong. They report a very pleasant day.

PEOPLE WE KNOW.

They Are Jansville People, and What They Say Is of Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weight with our citizens. So many strange occurrences go the rounds of the press, are published as facts, people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual experience of our citizens, and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right here at home, one whom you can see every day, leaves no ground for the skeptic to stand on.

Mrs. S. L. Beldea of 64 S. River street says: "During two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work and if I did any lifting my bladder became affected causing me considerable annoyance. I also had attacks of headache which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them but my daughter got a box at the People's Drug Co.'s store and persuaded me to use them. They took right hold and made a wonderful change in my condition. I hardly realized it was until Doan's Kidney Pills brought me relief from the afflictions."

For sale by all dealers. Price, 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for U. S.; also on sale at King's Pharmacy. Remember the name, Doan's, and take no other.

AMONG THE WORLD'S WORKERS

News Notes From Various Sources of Direct Interest to the Workman.

The building trades unions in New Hampshire are trying to have it determined that all public buildings in the State shall be constructed by union labor exclusively.

The Workmen's Club, of Hartford, Conn., makes it a feature to give receptions to capitalists as well as to labor leaders.

The headquarters of the American Flint Glass Workers' Association are to be removed to Toledo, O. The association which has 5,700 members, has so decided by a referendum vote in which Allegheny, Pa., and Pittsburgh were considered.

Dock laborers have been more successful in bettering their conditions than workmen in any other line. In four years the men on the lakes have been able to bring about an increase in wages of 65 per cent. The movement now on foot is to make these conditions general and have them extended to the men in Denmark, Sweden, Norway, and Great Britain and Ireland.

The information has been given and from a very reliable source, that an equalization of the wages of employees in certain departments is being planned by the United States Steel Corporation. At the recent meeting of the presidents and constituents' properties and sale agents of the company held in New York, the readjustment of wages was one of the main topics discussed.

In Illinois there are 44,000 miners; Indiana, 15,000; Ohio, 38,000, and western Pennsylvania, 50,000.

The mercantile agencies report that wages of 200,000 industrial employes have been reduced 10 per cent or more and preparations are making to effect a similar reduction with respect to 300,000 others in various lines on or about July 1. Prospects favor like reductions with regard to still some thousands of others. The week is characterized by further slackening industrially, and by spreading action on the part of manufacturers looking to reduction of cost of production.

BOWER CITY BANK TO BE DEPOSITORY

For the City Monies During Coming Fiscal Year—Offer of Interest on Deposits Best of Three.

Competitive offer of three banks for the use of the city money were received by the city council last evening. The Merchants and Mechanics' bank offered to pay 2.75 per cent interest on all monies deposited during the fiscal year beginning July 1, interest to be computed and paid at the end of each month. The Bower City bank offered to pay 2.75 per cent per annum, interest to be computed on daily balances and credited each month. The Rock County National bank offered 2.25 per cent per annum on similar terms. The bid of the Bower City bank, being the most advantageous to the city, was accepted. The institution will be required to give a bond of \$50,000, and accompanying the resolution authorizing the mayor and city clerk to enter into a contract was the stipulation that the city should pay the cost of the official bond furnished by the city treasurer and that upon the acceptance of this bond the sureties on his present bond should be relieved of further liability. Alderman Jackson called attention to the fact that when the original bond was released it would be released from the time it was given. The resolution passed and attention of the city attorney was directed to the matter referred to by the alderman.

CITY TO BUILD A NEW SCHOOL

Two-Story Structure of Brick To Be Erected Near Corner of South Jackson and Union Streets.

Last evening the aldermen entertained a communication from the school board in which the ever-worsening condition of the Lincoln school, and the necessity of a new building to relieve the same was emphasized. It was recommended that such a structure to cost \$13,000 be built on lots 166 and 167 of Smith, Bailey & Scott's addition, the lots to cost \$2,000. The finance committee reported unanimously in favor of the recommendations and advised that the city issue bonds to cover the site and building and that the mayor be authorized to enter into a contract to pay for said building and lots as soon as the issue should be made. The report of the committee was adopted. The mayor was authorized by a subsequent order to borrow \$2,000 and place the same to the credit of the school fund. The building will be a two-story structure of brick and will be erected near the corner of South Jackson and Union streets. Work will probably begin early in the summer.

TO REPAIR JACKSON STREET BRIDGE BEFORE SHOW COMES

Structure Reported to Council to Be in Bad Condition.

Needed repairs on the Jackson street bridge were ordered to be made at once by the street commissioner at the meeting of the council last evening. Alderman Murray stated that he had been informed that the structure was in bad condition and that it seemed wise to have it repaired before circus day next Tuesday. The elephants and the heavy chariots generally test the strength even of a sound bridge.

Will Deliver 4th of July Address: Hon. Pliny Norcross of this city will deliver the Fourth of July address at the Milton celebration.

BEET CULTURE A GROWING SCIENCE

LA FAYETTE MYERS WRITES OF ROCK COUNTY CROPS.

AUTHORITY ON CULTIVATION

The Following Article Should Be Carefully Read by All Persons Interested in New Industry.

By Lafayette Myers.
The past week has been the only favorable growing week of the season. On account of the very unfavorable growing weather the sugar beets are perhaps not as far advanced as at this time last year, although they are showing a better stand and more healthy growth than most any of the other farm crops planted, corn especially. On account of the very heavy and packing rain about the 10th or 12th of May, and also the cold weather following, a number of the early planted fields had to be replanted. The beets are all up, with a good stand and doing nicely.

Reports up to Saturday night, June 11th, show a large part of the contracted acreage already thinned out and doing nicely. A few remarks at this time regarding the care-taking of the crop may be of benefit to the beet growers in general.

By all means don't use the harrow at this stage of the growth of the beets. Don't worry about the crust; use the cultivator. Keep the cultivator moving; it will surprise you how much better your stand will be, and how much faster the beets will grow after even one cultivation.

Start bunching as soon as you have a stand, don't wait for the beets to get 6 inches high before you begin; thin out immediately after. Beets grow three times as fast after thinning. In thinning leave a single beet every eight inches apart.

Remember that the best remedy for a weedy field is the hoe and the quicker you use it the more beets you will harvest.

If you want boys to help thin your crop leave word at Walter Helms' seed store. Over 100 boys have already applied for work in the fields.

The critical time in the cultivation is right now. Keep your field free of weeds and grass for the next few weeks and you will be satisfied at harvest time.

If you are in doubt regarding how to work your crop at any time, don't fail to get the company who have experts employed, whose business it is to assist you.

The beets grown at the different stations along the C. M. & St. P. R. R. and the N. W. R. R. are doing remarkably well, especially at Milton, Edgerton, Stoughton, Orfordville, Afton and Janover.

Judging from the present growth of the beets the entire acreage will be thinned out before the starting of tobacco planting, thus not inconveniencing the farmers in this particular.

Work on the factory is progressing rapidly with all the foundations in place, and the main building almost completed, and the main factory building well up in the air. There will be no doubt but what all will be ready by September 15th. Machinery is arriving every day and being rapidly taken care of.

Week ending June 11th.

SANG SONGS OF THE FATHERLAND

A Most Enjoyable Program Was Given Under Concordia Society Auspices Last Evening.

A most interesting musical program was enjoyed by members of the Concordia singing society and their friends at the Assembly block hall last night. Refreshments were served later in the evening and a pleasant time was enjoyed by all. The program was as follows:

Maennerchor Concordia Gesangverein
Gruendliche Kurzt
Lustspiel in Einem Akt Personen
Casper, Student Fritz Karst
Peter, Student E. W. Klenow
Wirth vom "Goldenen Gehlsen"
August, Waerter Fred Karst
Johann, Hausknecht Ed. Klenow
Dr. Eisenbarth P. E. Neuses
Maennerchor Concordia Gesangverein
in der Gesangsprobe
Ordnungsmass Potpourri, Personen
Fas-de-Rauster (Musikalisch)
Cornet Solo
Seld Bier (Voller Ton)
Du bist mein nimm dich so fern
Wiener Wurst (Geflissener)
John Baumann
Selections
Pretzel (der schwarze Plet)
The Sentinel Aslee
Soprano Solo—Selected

Bin Sengerstreit P. E. Neuses
Humoristisches Allegor vom Ganzen Verein.

Superior Telegram: The Russians say that the war is a contest between Christians and pagans, and that all Christian nations should sympathize with Russia. It reminds a person of our neighboring city of Minneapolis, which doesn't know she is selling flour to Japan and beer to Russia, and cannot decide the religious feature of the question until it is known which side of the proposition is commercially the best.

SCHOOL TEACHERS ARE MUCH DESIRED

Large Estimate of Present School Marmas Who Will Teach No Longer.

"More than 100,000 school teachers will this year abandon an occupation which does not yield them living wages."

Professor George F. James, dean of the department of pedagogy at the Minnesota State University, made this statement in an address delivered at the Commercial club before the St. Paul Federation of Grade Teachers. An organized movement to secure higher salaries was vigorously advocated.

Some startling comparisons were drawn by Professor James to show how poorly teachers are remunerated.

"At the university we often get applications for a high school teacher. He must teach several sciences, Greek or Latin, have a knowledge of vocal music and take charge of athletics. For this he gets \$50 per month for ten months out of the year," said the speaker.

The federation voted that its president, Miss Jean Mavetman, appoint the committee to investigate the subject and another committee to protest to the school board against its action in withholding from kindergarten the advance of pay awarded to the grade teachers.

DOG ORDINANCE IS PASSED OVER VETO

Alderman Murray as Acting Mayor, Had Six Reasons for Not Signing the Measure.

Over the veto of former Acting Mayor Murray, with the full two-thirds majority necessary, the dog ordinance was passed by the city council last evening. There were seven votes for its passage and two opposed. In returning unsigned the measure to prevent dogs running at large on the streets of Jansville Alderman Murray presented six reasons for the stand he had taken in the matter. In the first place the visiting canines of farmers were exempt from its restrictions and country dogs were known to be fully as ill-mannered at times as the higher caste, reared in the civilized environment of a great city.

Confinement and Hydrophobia
In the second place many owners were too poor to pay for their licenses and as a result the dogs would be put in shackles, there to languish with insufficient food and water and exercise until depression and melancholy gave way to madness. Where police protection was not always available the dog was a faithful protector of man and nothing should be done to decrease his number or impair his usefulness.

Might Be Tyranny
In the fourth place it would be a dangerous thing to vest in one man the well-nigh absolute powers conferred on the official dogcatcher by this ordinance. If he were a good man all might be well, but if not, what tyranny and oppression might not be suffered by a helpless people! And it was doubtful whether any really good man would aspire to the office.

Nor was it to be considered practicable to enlist police officials in this delicate business requiring undiverted devotion and singleness of purpose. But even so—vicious dogs would still run at large, the license tag being no certificate of character. If there were vicious dogs in the city they should be exterminated and that was the whole solution of the problem in a nutshell. Lastly, the man in charge of the pound would handle much of the city's money. Nowhere in the ordinance was there a provision for a bond.

Alderman Schwartz Replies

To the last objection of the former acting mayor Alderman Schwartz, replying that the city charter provided for a bond for all city officials. He said that the demand for an ordinance of the kind did not come from the rich but from those of limited means. It would please him very much if he had with him the list of names of people who had asked him to introduce such a measure. The ordinance will be signed and after publication will become the recognized law of the city.

ELGIN BUTTER MARKET

(Special Telegram.)
Elgin, Ill., June 13.—Elgin butter quoted at 17½c, with market firm. Output for Elgin district, 854,300 pounds; no offerings; no sales.

AMERICA'S SUMMER RESORTS.

When it begins to get hot and dry one's thoughts naturally turn toward the lakes and rivers and the seashore of New York and New England, and we begin to wonder how much it would require of time and money to make the trip. A lot of these questions are answered and a lot of information given free in "Four-Track Series" No. 3, "America's Summer Resorts." Sent on receipt of a two-cent stamp, by George H. Daniels, General Passenger Agent, New York Central & Hudson River Railroad, Grand Central Station, New York.

\$1,000.00 REWARD

One Thousand Dollars Reward is hereby offered jointly by the Mutual Fire Insurance Co. of La Prairie and adjoining towns and the Mutual Fire Insurance Co. of Turin for the arrest and conviction of the person or persons who set fire to and destroyed the property of Wm. J. Lathrop of the town of Turin on the night of May 21st and 22d, 1904.

A. C. POWERS,
Sec. of La Prairie.
C. W. SHIMMALL,
Sec. of Turin.

COMPLIMENT THE FACULTY NEXT

Board of Regents of the University Pass Resolutions on the Jubilee.

The board of regents of the university, in appreciation of the successful efforts of the faculty in planning and executing the semi-centennial jubilee celebration, adopted a set of resolutions at the last meeting as follows: Whereas, the jubilee of the University of Wisconsin has been in the opinion of the board of regents a grand and unqualified success, and, Whereas, the board of regents wish to express their thanks and gratitude for the efficient services of the faculty, the committee on arrangements and all other persons who have contributed to the success of the jubilee, now, therefore, be it

Resolved, that the board of regents, do hereby extend our sincere and heartfelt thanks to the faculty, to the committee on arrangements and to all other persons who have contributed in any way to the success of the jubilee.

Will Remodel Property: William Pond is to remodel his property on Jackson street into three up-to-date flats. The improvements will cost about \$1,000.

Building Sidewalk: Street Commissioner Watson has a force of workmen engaged in building a new sidewalk on the Fourth avenue bridge.

Prof. A. L. Carlton

The Only Adept of Hindoo Occult Mysteries Practicing in America.

He calls you by name, gives age and date of birth. There is no need for anyone to be unhappy or unsuccessful when Prof. Carlton's advice is sought or taken. Those that are unsuccessful are made prosperous and started on the road to wealth. Prof. A. L. Carlton is different from other clairvoyants because he does what they claim to do, things that are beyond ordinary understanding, things that seem impossible. He gives you information, relief, success, satisfaction, power and control of any character affecting anyone or anything, past, present or future. He tells you just what you may expect and what to do for your best interests in any matter. He awakens a natural force within you and around you, giving you a secret power to remove the cause of any trouble, influence, unhappiness, disease, poverty, failure or bad luck that surrounds you. He opens up a way for the success and happiness you desire. A power to secretly change the thoughts, actions, habits or intentions of anyone even miles away.

There are many people in Jansville that could not afford to pay my former fee. For the benefit of these people I will give a full reading to all for 50c, for a short time only. Come today to avoid disappointment.

...Forty Years Ago...

Janesville Daily Gazette, Tuesday, June 13, 1864.—Personal.—Provost Marshal General Greene of this state, was in town yesterday on business connected with his office.

Painful Rumor.—There is a rumor in town that Capt. L. Ingledew, Commissioner of substance in the army, and formerly of this city, was captured by guerrillas near Dalton and murdered. He will be recollecting as having been in the law office of H. K. Whitton for something like two years, and was a young man highly respected in the community. He had only been in the service six weeks.

Music at the Festival.—It will not only be an interesting sight to the pupils of the Illinois Asylum as they perform on their instruments at the festival on Wednesday evening, but the music both vocal and instrumental will be very fine, and will probably embrace a variety of patriotic airs. There seems to be no doubt from what we can learn, that this festival will be a fine affair in all its features.

Gone Forward.—Agreeably to expectation, the 40th regiment of one hundred day men—Col. Ray passed through here this noon, on their way to active duty. It numbered something over nine hundred men, who seemed to be in the best of spirits. A large concourse of the friends of the company was raised here, assembled at the depot to say a parting word to those leaving, and most of them carried them something to eat in the way of a parting gift. The train bearing the regiment left the depot soon after two o'clock.

The Sunday School Convention.—As early as yesterday afternoon delegates to the Sunday School convention here today began to arrive in this city, and were assigned, stopping places by the reception committee, Ralph Wells and Lucius Hart, of New York, and Mr. Wurt, of Philadelphia and other prominent Sunday School men in this state and in other states have already arrived in town. The welcoming address will be made this evening by the Rev. E. J. Goodspeed of the Baptist church and responded to by the president of the convention.

The evening session will be one of great interest. The convention met this afternoon and adjourned until a quarter to 8 this evening. \$30.05 to Colorado and Return Via C. M. & St. P. R. R. From Janesville June 1 to September 30, Return limits Oct. 31, 1904. Only one night on the road to Denver, leave Janesville 9:00 a. m. daily except Sundays, arrive in Denver 2:30 p. m. next day. Proportionally low rates to important western tourist resorts to spend your vacation. For details apply to the ticket agent.

Seventh—H. A. BRIGHT, Black River Falls.

Eighth—E. MGLACHLIN, Portage.
Ninth—GEORGE BEYER, Oconto.
Tenth—M. D. KIEFE, Forest.
Eleventh—EDWARD L. PEET, Burnett.

PRICES DECLINING.

Prices of the principal articles of domestic consumption or for use in domestic manufacture show a decline in May, 1904, as compared with May, 1903, except those of farm production and a few of foreign production imported for use in manufacturing. The Department of Commerce and Labor presents through its Bureau of Statistics each month a series of price quotations on some seventy-five leading articles and grades of articles. These quotations, which are wholesale rates in the leading markets of the country, are presented for each week in the current month, and thus give opportunity to compare price conditions at any given date with the corresponding date of the preceding year. The prices quoted are in most cases the wholesale rates in the New York markets.

Those of cattle and hides are prices in the Chicago market; of the various grades of iron and steel, those of the great manufacturing sections in which they are produced; of cotton and rice, prices given are those in New Orleans and New York, respectively; and of wool, the prices given are those in the Boston market.

A comparison of the prices named in these tables for the last week of May, 1904, with the first week of May, 1903, shows an advance in prices of wheat, corn, oats, cotton, wool, native steers, cows, and certain grades of hides; also in coffee, India rubber, petroleum, both crude and refined; sugar, both raw and refined; lead and silver. The above named are all the articles which show an advance.

The articles which show no change are lute, and steel rails.

Articles which show a decline are family beef, mess pork, lard tallow, also steatite, rice, tea, pig iron, both Bessemer and southern foundry, iron bars, steel bars, steel billets, tin plates, coke, raw silk, mohair, manilla hemp, hides of certain grades, leather of all grades, copper, tin, and spelter.

Practically all the farm products in their natural state show an advance, including cattle, though beef, pork and lard show a decline.

A large proportion of the various grades of hides show an advance, though leather of all grades shows a decline.

Crude petroleum shows an advance from \$1.53 per barrel to \$1.77 per barrel, and refined petroleum, in cases, advance from 10.5 cents per gallon to 10.85 cents per gallon; but refined petroleum in barrels shows a decline from \$2.25 cents per gallon to \$1.10 cents per gallon.

These figures taken from government tables of statistics, are reliable and indicate very clearly a weak and declining market on many lines of manufactured goods. This of course means over-production, and prospective ill-health to both capital and labor. It is a poor time to strike, and a good time to saw wood, while wood is in sight.

THE LABOR OUTLOOK.

Henry Clews, is sizing up conditions, says in his last letter:

"One of the most depressing features is the condition of the iron trade and the growing supplies of pig iron in the face of curtailed production. Still another discouragement is the labor situation and the deplorable state of anarchy which exists in certain parts of Colorado. Just now the cause of labor is suffering severely from reckless and foolish leadership. Public opinion, which has long

avored bettering the condition of the working man, is now being thoroughly aroused against present methods of unionism, and is likely to become as intolerant of labor monopoly as it has been of capitalist monopoly, particularly when either can only be attained by intimidation, murder and loss of rightful personal freedom. Possibly radical unionism has reached its climax, and henceforth let it be hoped we may witness unions governed by reason and intelligence instead of brute force.

The fact is generally recognized that iron is the barometer in the industrial world. It has taken the place of all other materials so largely in structural work that the demand indicates very clearly conditions in many departments of industry.

Two years ago the iron and steel mills of the country were months behind on orders, but today they are overstocked and many employees are idle.

Regarding the other feature of discouragement, the attitude of organized labor and the reign of terror that now exists in Colorado, it is safe to say that it has no parallel in the history of the nation. While it is true that unionism as an organization does not endorse these high-handed proceedings, and is not in sympathy with them, it is also true that they could not exist but for the warfare that is constantly waged against non-union workmen.

This is the one great weakness of organized labor today. A man, or an organized body of men, may have the right to say whether they will work or not, but the right to restrain some other man from working either by force or intimidation, is a claim that is condemned both in courts of justice and in the larger court of public opinion.

The state of Colorado will be sustained in its efforts to protect its citizens. There is room enough in this broad land for every man to work, who will, and he is entitled to the privilege without protection, for he is a freeman in the freest land that the sun shines upon.

DON'T BE A QUITTER.

John Wanamaker says: "If there is one enterprise on earth that a quitter should leave severely alone, it is advertising. To make a success of advertising one must be prepared to stick to it like a barnacle on a boat's bottom. He should know before he begins it that he must spend money—lots of it. Somebody must tell him, also, that he cannot hope to reap results commensurate with his expenditure early in the game. Advertising doesn't jerk; it pulls. It begins very gently at first, but the pull is steady. It increases day by day and year by year until it exerts an irresistible power."

Mr. Wanamaker is good authority on advertising. He not only believes in it, but practices his belief. He has demonstrated, not by spasmodic and

erratic advertising, but by persistent and intelligent publicity that judicious advertising pays.

The one time advertisement may be all right for a circus, but for an established business it is usually a waste of money. The name of every merchant should be a household word in the community where he does business. He should establish and maintain a reputation for something. There are too many men who depend on the sign over the door to draw trade. It is good as far as it goes; but the range of vision is too short.

Prices well advertised sell goods. The catalogue of every mail order house proves the statement. Cut prices are not demanded for the general public knows but little about regular prices, but prices talk, and they talk through the columns of a newspaper effectively.

FLAG DAY.

This is flag day and it is gratifying to know that the day has been generally observed. The stars and stripes lose nothing in significance as time progresses. The emblem of the nation stands today over more territory than at any time in history and wherever unfurled it speaks of freedom and protection.

It is an object lesson in every school, inspiring the coming generation to love of country. It is today the emblem of peace and prosperity, respected throughout the world as never before.

Children's Day in June, established by the Methodist church a quarter century ago or more, has become so popular that today it is generally observed in protestant churches throughout the land. It is a pleasant tribute to child life, and thoroughly appreciated by the little people.

If the barbed wire fence comes in to general use for telephone service, family secrets will soon become a thing of the past.

The republican party will be in evidence next November in spite of factional strife in Wisconsin.

David Bispham at St. James' hall has made his first appearance in London since his return from a tour of the United States.

Painless Dentistry

While competitors keep KNOCKING at him Dr. Richards is "SAWING WOOD" and making friends every day by his PAINLESS METHODS. Just listen to this open hearted testimonial.

To whom it may concern:—
I freely allow my name to be used in corroboration of Dr. Richards' claims as to Painless Dentistry. The last time I consulted a Dentist, it took me 3 days to get over the shock I received, but I am delighted to say that yesterday Dr. Richards actually extracted two badly ulcerated teeth for me and I can't honestly say that I felt one particle of pain or shock.

NO CONDUITS FOR THOSE WIRES

ELECTRIC CO. TELLS COUNCIL
'TWOULD COST \$28,000.

BUSY MEETING LAST NIGHT

Southern Wisconsin Franchise Extended Ninety Days—Many Important Matters Considered.

All the aldermen excepting J. J. Sheridan were in their seats when the council meeting was called to order last evening. A communication and proposal from the U. S. Standard Votting Machine Co. of Rochester, N. Y., was referred to the finance committee and the latter asked further time for reporting on it. Contractor Stow of Rockford was awarded the contract of building a drinking fountain at the corner of Washington street and Highland avenue at a cost of \$140.

Franchise Extended
The period designated by the council for the acceptance of the franchise granted the Southern Wisconsin Interurban Ry. Co. and the filing of its bond in the penal sum of \$100,000 expiring on June 15, the promoters asked for a ninety day extension and this amendment was incorporated in the ordinance. The finance committee made its report among which were the following items:

Water Co., Drinking Fountains.....\$ 72.50
Sewer Pipe.....\$ 71.97
Board of Police Horse.....\$ 33.00
Street Lights for May.....\$ 1,055.50

The Sewer Ordinance
The highway committee reported favorably on the grade for the north side of West Bluff street from Terrace to Pearl and the report of the assistant street commissioner on notifications to build sidewalks was adopted. \$100 was allowed Andrew Barron for clearing away rubbish on his property deposited there in the operations of the crusher plant and the lease of his stone quarry was renewed on the old terms. The ordinance for the construction and maintenance of sewers was advanced to its third reading and placed on passage and an order was introduced by Alderman Merritt that the sewers recommended as necessary in the report of the committee on April 18 be forthwith constructed and that bids be called for.

Parks and Fountains
Alderman Matteson of the committee on parks reported that he had secured bids from five concerns for six wrought steel seats, five feet long to be placed in the Fourth Ward park, the lowest of these being \$45.50. The purchase of the seats was authorized. The proposal of the Janesville Water Company for furnishing water in the courthouse park at the usual rates was accepted with a reservation eliminating that part of the proposed agreement pertaining to the shutting off of the display fountain at night. Alderman Jackman of the public buildings committee recommended a coat of paint and two wire screens for the isolation hospital. Action on the matter was deferred until the next meeting.

Bridge Bonds Authorized

The ordinance providing for the issue of thirty-eight \$500 bridge bonds bearing interest semi-annually at 4 per cent, was advanced to its third reading and placed on passage. Crosswalks on Center avenue on the north side of Pleasant street at the intersection of River street, on East street on the south side of Prospect, on Cornelia street, and curbing on Linn street in front of the Douglas school were authorized.

Substitute Wire Ordinance
In place of the ordinance relating to the stringing of electric wires compelling the pulling of them in underground conduits in certain sections of the city within the next five years, a measure introduced at the last meeting and up for its third reading at last night's session—Alderman Schwartz introduced as a substitute an amendment to the existing wire ordinance, No. 154 which has long been on the books. This amendment declares that the lower cross arms of poles conveying these wires shall not be less than forty feet from the ground on certain portions of Main, Milwaukee and River streets, not less than thirty feet in all other portions of the city within the five limits, and not less than twenty five feet in all other sections. Alderman Jackman called for an explanation of the change in front adopted by the fire and water committee and the latter explained that in a conference with the officials of the Electric Co. they had been informed that it would cost that concern \$28,000 to place their wires in conduits as prescribed and that the work could not be extended over a period of five years but would have to be done at once as new wires would be put in with the completion of the new power plant, necessitating an entire re-arrangement of the present system. Such a burden they deemed unjust and the committee had been inclined to agree with them. Both the Electric Co. and the Telephone Co. agreed to live up to the present ordinance of amendment to be made to the latter if they might be relieved of the underground conduit regulation. Alderman Grove had some hard things to say about the Electric Co. and did not think they were deserving of much sympathy. The matter was referred back to the judiciary committee.

Miscellaneous Matters

An order that a cement walk be built in front of the Sexton property, the city to bear one-half of the expense of 94 feet for having destroyed the original walk with the steam crusher, was passed. A brick crosswalk on Oakdale avenue at the intersection of Division was ordered. The city attorney and engineer were instructed to examine and report on the condition as regards safety of the retaining wall in front of the J. B. Day property on South Third street. The city clerk was authorized to call for bids for Wilmington lamp coal to be delivered in carload lots at the crusher plant. Alderman Matheson mentioned the depredations of boys in Riverview park and asked the assistance of the councilmen in putting a stop to them. An important amendment to the ordinance prescribing

the fire limits in Janesville and the manner of building all structures within the same was given its first reading and referred to the fire and water committee.

EMPLOYEES ATTEND FUNERAL SERVICES

Rev. Christy Officiated at Funeral of H. Olson This Afternoon.

Funeral services over the remains of the late Hans Olson who met an untimely death in Rock river last Sunday, were conducted this afternoon at 2 o'clock by Rev. Christy, pastor of the St. Peter's English Lutheran church. A large delegation of employees from the Janesville Machine company, where the deceased young man had been employed for a number of years, attended the funeral in a body. The interment was at Oak Hill cemetery.

The pallbearers were A. Detwiler, W. Dornig, George Schaffner, J. T. Lloyd, T. R. O'Brien and Fred Kolman, all employees of the molding department of the Janesville Machine company.

The society of Children of Mary will give a lawn social Wednesday evening on the lawn of the parsonage of St. Patrick's church.

The members of the Epworth league of the Central M. E. church held their semi-annual business meeting and the following officers were elected: Pres., W. J. Rothman; first vice-pres., Andrew DeNoyer; third vice-pres., Miss Cora Wilhelm; fourth vice-pres., Miss Mable Glen; treasurer, Louis Rider; secretary, Harold Greer; pianist, Miss Edith Warner; chorister, E. E. Van Pool.

The G. A. R. excursion train leaves Janesville at 8:15 a. m. and returning leaves Madison at 11:00 p. m.

All comrades and old soldiers are requested to meet at post hall at 7:30 Wednesday morning to take train for Madison to attend state encampment. Train leaves at 8:10 a. m.

All members of the Fraternal Order of Eagles are requested to be present at a special meeting to be held Wednesday evening at 8:00 p. m. in Assembly hall. Per order W. P.

Returned From Fishing Trip: Turkey Roy Graves and Robert Hockett returned last evening from a fishing expedition to Newville where they report a catch of six fish during the day. When they arrived home they were surprised to find something like fifteen fish in their wagon. How they came to get in the buggy they cannot explain.

NEWS OF A PERSONAL NATURE

Will Schmidley is home from the Madison university to spend his vacation.

Mr. and Mrs. H. F. Thiele of White-water are the guests of their son, Prof. W. T. Thiele. They attended the Concordia society social and musical last evening.

Mrs. L. L. Leslie and children left yesterday for a week's visit with relatives in Darlington.

Mrs. J. M. Melvin returned this morning to Fond du Lac after a short visit with her parents, Mr. and Mrs. T. H. Edden.

E. D. Tracy returned Sunday from a week's visit in Chicago.

Mrs. Al Helms and children visited with relatives and friends in Milwaukee Sunday.

Mr. and Mrs. T. J. Mount of Chicago, formerly of Janesville, are visiting at the home of Mr. Mount's brother, P. J. Mount.

Mrs. S. B. Birchard and two sons, Glenn and Fred, of West Bay City, Mich., are guests of Miss Grace Wright.

John Corawell of Dallas, Texas, is in the city visiting friends and relatives and is the guest of Mr. and Mrs. Michael Minahan, 201 Lincoln street.

Col. E. O. Kimberley went to Madison this morning to attend the G. A. R. encampment being held in that city.

Supt. H. C. Buell and Ralph Buell left last evening for a few days' visit at Geneva.

Mr. and Mrs. J. B. Snyder left this morning for a week's visit at the St. Louis exposition.

Mrs. H. A. Jeffris left today for an extended visit to the St. Louis exposition.

A. J. and F. L. Wilbur left this morning for Chicago to attend the funeral of their cousin, Guy Milburn, who met his death in that city Saturday from the explosion of sewer gas.

F. A. Spoon transacted business in Beloit today.

Mrs. R. W. Perkin of Chicago, formerly Miss Minnie Malone of this city, arrived here Monday of this week for a few weeks' visit with relatives and friends.

Ex-Sheriff R. J. Maltress of Edgerton spent the day in the city on business.

Lost
A pair of small Maltese kittens, strayed from their home on Court St. Liberal reward paid for the return of same kittens to the Gazette office.

HIGH SCHOOL HAS A DANCE TONIGHT

Last Function of the School Class of 1904 Comes Off This Evening.

For the last time the members of the class of 1904 will meet as a class with their friends tonight to enjoy a dance at Central hall. This has always been the custom for the wind-up of the school year and is one of the brightest social functions of the summer. It will be a reunion of friends of many classes, some of last year's class who now have positions out of town are expected to be present. Invitations have been issued to friends of the class in Rockford, Beloit, Evansville, Edgerton and Footville. Leaver's seven-piece orchestra have been engaged by the music committee to furnish music from nine till one o'clock. All day today the decorating committee, composed of Starr Atwood, Harold Myers, John Roberts and Geo. Scarcell, have been at work draping the hall with red and white bunting. The motto "All for each; each for all" has been worked into the scheme of decoration besides numerous red and white chrysanthemums and several shields the shape of the 1904 class pin. Electric light balls of red and white will be used.

New Dental Parlor

Among the most up-to-date minute dental parlors in Janesville, are those of Dr. T. F. Kennedy in the new Yahn building, at 59 West Milwaukee street. New furnishings and modern dental appliances combine to invite a person with teeth troubles.

Dr. Kennedy is a graduate of the Milwaukee Medical college. Though a resident of Janesville but a short time, he has made many friends in the city.

Notice

All owners of private vehicles and automobiles, all secret societies and labor unions or anyone who will kindly consent to take part in the civic parade July 4th will confer a favor upon the committee of arrangements by reporting to C. C. Crippen at the American express office on or before Saturday, June 26th.

Signed, C. K. MILTMORE.

Next Saturday

We propose to place on sale a quantity of very fine toilet soap—the same as sold last year with great success. Violet de Parme, only this year the makers have added three new odors, each one very fine, Lilac Rose, Violet and Violet de Parme. This soap is absolutely pure, neutral, and highly perfumed. A cake left among your handkerchiefs will perfume them thoroughly. The price for one day will be 7c, or 20c a box of three cakes. Last year we sold 325 cakes in one day, so come early if you wish to be in time, next Saturday only. BADGER DRUG CO.

To Deliver Address:

Rev. J. T. Henderson left today for Payette where he will deliver the closing address at the commencement exercises of Payette academy this evening. He will also attend a meeting of the board of trustees of the institution.

SPARKS FROM THE WIRE.

Accompanied by Dr. J. William White of Philadelphia, Sir Frederick Treves, the eminent English surgeon who operated on King Edward before the coronation, has reached Philadelphia.

Daniel Frohman has signed a contract with the boy violinist, Franz Von Vecsey, who has this year been the sensation of London and the continent, for a month's tour of the United States.

Among the arrivals at San Francisco from the Orient on the United States army transport Logan, released from quarantine, are Mrs. Wade, wife of Major General Wade; W. P. Norris, judge of the court of first instance of Manila; Webb Hayes, son of the late President R. B. Hayes, and S. B. Heinz, secretary of the army and navy Y. M. C. A.

CUTWORMS

A sure remedy, we have carried on experiments for five years with a liquid which is simple, added to water in tobacco setting, and last year met with wonderful success. We wish raisers try this remedy thoroughly and will therefore furnish enough for one acre of tobacco for 25c, provided you report to us fully your experience with the same. No extra work to use and cut worms will not act near plants treated. For further information call on The Badger Drug Co., Janesville, Wis.

DECORATIONS ARE TO BE ELABORATE

Fourth of July Committee Makes Request of the Merchants About the City.

That None Such Brothers' citizens parade still looms up in the foreground of the coming Fourth of July celebration. Now comes the decorating committee with a request to the merchants that they look up all their paper lanterns used in decorating the store fronts and report the number to the members of the committee who will visit each store some day this week. The decoration committee wait it understood that Janesville is to look prettier than ever before and that everyone should do their best to help make the streets look as gay and tasty as possible. There will be large crowds from outside of the city and half the good of the celebration will be lost if everyone does not turn in and do their share. The posters announcing the great celebration here are being distributed throughout the city and country today. Moll Pitcher at the battle of Monmouth is conspicuous on one poster and the other represents a large fleet of war vessels just as they are supposed to look when the American eagle screams in anger.

Notice

All owners of private vehicles and automobiles, all secret societies and labor unions or anyone who will kindly consent to take part in the civic parade July 4th will confer a favor upon the committee of arrangements by reporting to C. C. Crippen at the American express office on or before Saturday, June 26th.

CUTWORMS

A sure remedy, we have carried on experiments for five years with a liquid which is simple, added to water in tobacco setting, and last year met with wonderful success. We wish raisers try this remedy thoroughly and will therefore furnish enough for one acre of tobacco for 25c, provided you report to us fully your experience with the same. No extra work to use and cut worms will not act near plants treated. For further information call on The Badger Drug Co., Janesville, Wis.

SPRING BOOM IN MACHINE TRADE

JANESVILLE SHOPS ARE DOING AN EXCELLENT BUSINESS.

FACTORY NOW IS VERY BUSY

Excess of Orders Keeps Many Firms Working Over Time to Keep Ahead.

Manufacturing industries of the flower city are all doing a fine business this spring. A visit to the different factories yesterday revealed the fact that the business was not quite as good as last year, but in some lines, it has improved over last season's business. The city has received several additions in the way of new factories during the past six months, more people are employed; more money is being paid out; and business as a general rule is far ahead of many other cities in the state the size of Janesville.

Machine Shop.

The new Doty Manufacturing company have a large force of men at work manufacturing punches, shears, and large paper machine castings. The business is increasing and the company expect to add several more men to their force as soon as the work can be gotten in shape for the workmen. This company now employ about thirty men in the manufacture of their high grade machines.

Rock River Machine Co.

This company are working a large force of men in their plant on North Main street, five and one-half days a week. A half day on Saturday is given the workmen, for a half holiday. This company is making a fine grade of heavy machines and have several fine machines in the process of construction.

Kent's Corn Plant.

This is the busy season of the year at the Kent Corn Planter Works on North Main street, the company make a specialty of the Kent Corn planters which are known the world over as being one of the finest of garden tools made. Several thousand of these planters have been sold and delivered so far this season, they are always in constant demand, by dealers in farm machinery. The company also made several other garden tools, and have a fine trade along this line of manufacture.

Taylor & Lowell Co.

This firm makes a specialty of wire fences, gasoline engines for steam launches and general machine shop work. This past season the firm has supplied about twenty of the new steam launches on Rock River with gasoline engines, made after their special pattern. They are made in all sizes, from two horse power up, and are considered to be a fine piece of workmanship.

THE WEATHER

Temperature last 24 hours taken from U. S. registered thermometer at Belmont street's drugstore: highest, 78 above; lowest, 56 above; ther, at 7 a. m., 68; at 3 p. m., 78.
